POLITICAL PROBLEMS IN HEREDITY

To the arguments heretofore available in advancing the candidacy of aspirants for public office a new one is to be added, it appears, in the case of those who are so fortunate as to have had military ancestors. We notice that in behalf of a man in a neighboring city a claim for support is advanced because the candidate's father was a soldier. Now in the case of a man who himself went to the war, who fought and perhaps bled for his country or even in that of a volunteer who went to the front prepared to fight and bleed but who, by the orders of his superiors, was shunted into one of the many necessary but not glorious clerical positions, the fact of such service does constitute a claim on the public and the public as a rule is very glad to recognize it.

Another war in Mexico. Yes, Mexico, N. Y. A veteran fighting for his rights and the postoffice there, backed by nearly everybody. The opposing army is the Congressman of the district, Seno E. Payne, and his political heelers, supporting a civilian for the place. A halt has been called; but neither the Postmaster General nor the President of the United States dare say No, if the Congressman says Yes. This war will end, as others of a like character have done, and don't you forget it. The only remedy is, "knock 'em out" by ballots.

ments for women only. The plan is not yet thoroughly materialized, but capitalists have agreed to advance \$400,000 as soon as enough tenants have been secured to assure a profit to the undertaking. Circulars have accordingly been issued to the workingwomen and other single women of the city to discover who among them would wish to rent rooms in these new apartments. The plan is to put up a building containing about 300 single rooms, besides a number of suites and restaurants. The movement is identical with that conceived by the late A. T. Stewart when he devised a generous sum for the erection of a huge hotel for poor women. He left it to his executors to build the hotel. When it was finished, tenants for it could not be got and it was devoted to other purposes. The advance shown in the present case is in seeking to secure the occupants before constructing the building. It is a wise improvement.

PEOPLE AND POLITICS.

—When the Mayor of Pittsburg the other day saw two men fighting desperately in the streets, he did not hunt up a policeman. He just sailed in, dragged off one man and disarmed the other of an ugly knife. A big crowd cheered his honor lustily, and he deserved it.

—When Mary Anderson Navarro is in London, on Sunday afternoon, she always goes to the Paddington church-yard with parties of her countrymen to lay fresh flowers on the lonely and unintended grave of Mrs. Siddons, and also has undertaken at her own expense, to execute all necessary repairs to the railings and tombstone.

—Lady Macdonald, the wife of the Canadian Premier, is a remarkable woman. She is tall, with abundant white hair and a face that is stamped with energy and determination. She is a clever talker, an omnivorous reader and the possessor of extraordinary social graces. She is frequently in attendance at the sittings of Parliament.

THE ELECTRIC CARS.

They Frighten Several Horses With Varying Results.

An exciting runaway occurred in East Genesee street last evening. A team of horses attached to the delivery wagon of Hjal & Backus, furniture dealers of Skaneateles, became frightened at an electric car and started to run in front of Lewis' mill. Oliver Shepherd, the driver, was thrown out, the wagon was overturned and the horses ran up the hill but were caught near the Genesee rink. The driver's face was badly scratched and his nose was injured, though it is not thought it was broken.

The 6 year old daughter of Charles Mills, of Franklin street, had a narrow escape from serious injury yesterday afternoon. A horse attached to a buggy, started at an electric car near the head of State street became unmanageable, just as the child was crossing the road. One of the front wheels struck the little girl and knocked her under the horse's heels, but the driver brought the animal to a standstill while a passer-by rescued the little one, before she was seriously hurt. One foot was slightly injured.

AFTER MANY DAYS.

Thomas Murphy's Body at Last Recovered near Union Springs.

The body of Thomas Murphy, of Union Springs, who mysteriously disappeared on February 19th last, was found in Cayuga lake about 6 o'clock last evening. The body was found about a quarter of a mile north of Frontenac island, and about a mile from the spot where Edwin S. Hoff's body was found about a month ago, by Capt. R. R. Candee of the tug Grace L. Deany. The body was floating on the surface of the water when discovered and was immediately towed to shore. The remains were not badly decomposed. The face was bloated and decomposition had set in, but considering the time the body had been in the water, the remains were in a remarkably good condition.

IN SENECA COUNTY.

What the People are Chiefly Talking About Over There.

WATERLOO, June 2.—The news of the day here is that the village trustees with the electric street railroad kept even with the grade of the street, that they soon will come out and make certain parties hustle in building imperatively needed new walks, that they will ride all over the city yesterday to observe "rotten" walks, that they will meet for the regular June session to-morrow night. Other news is to the effect that the George Beedles grocery, two dwellings and meat market, yesterday were knocked down at assignee's sale. One Wright of Tyre possessed himself of the grocery house and market, and Mr. Elliott of the woolen mills, purchased the other house.

Protection Hose opened its grand fair for the week, last night, at the A. of M. The chivalry and beauty of Waterloo were on deck. The boys were besieged by the pretty girls and Waterloo is alive with the latter to "take a ticket." The fellows cannot keep away from that hall for No. 1's lads are "armed" not only with a whole store full of the donated gifts, but with bazies of the handsome daniels' foresaid.

On Saturday, the horse of Supt. Howard of the woolen mills, "cut a big swell" in Clark street and smashed the wagon badly.

Charlotte, aged nearly four years, daughter of Mr. and Mrs. Jas. Kelley, Jr., died on Saturday and was buried yesterday.

John L. Cone is home. He was badly bruised last week at his vineyard on Canandaigua lake, by the fall of a roof. Happily, no bones were broken. Mrs. Honk of Stark avenue became the mother of twin daughters on Saturday. Theodore Russell is having a big kettle made for clam chowder.

SENECA FALLS, June 2.—Dr. Charles Van Cleef of Ithaca, was in town yesterday.

The Marcellus Greys will play the Senecas Saturday next at Lawrence park. There was a lively time at the meeting of the Board of Excise yesterday and a disposition shown not to grant licenses to some lakeside resorts.

Patrons of ball games find much fault at the uncleanliness of the grand stand. Manager Youngs says that the owner of the park must keep it clean or ball will be played elsewhere.

The work of painting the exterior of the Presbyterian church is progressing. Two refreshing showers fell here this morning early.

The rustic bridge at Cayuga Lake park is complete and will prove a great convenience to visitors.

Geo. W. Smith, now of Olean, is in town for a day or two.

The old electric poles in Fall street are being taken down.

Thomas Kelly has retired from the saloon business in the third ward and gone to work at his trade in Runney & Co.'s shop.

Death of Charles H. Bouck. Charles M. Bouck, of 210 Seymour street, died rather suddenly yesterday afternoon shortly after 4 o'clock of heart failure. The deceased has been for some time past in failing health but did not give up work until Thursday last, since which time he has been suffering from nervous prostration. For the past twenty-four years he has been an employe of the Auburn Manufacturing Co. He was a blacksmith by trade, a faithful workman, a loving husband and a kind father. He was a veteran of the late war and a member of Seward Post.

The funeral will be held from his late residence No. 210 Seymour street, Thursday afternoon, at 3 o'clock. Rev. Marvin S. Wells, pastor of the Wall Street M. E. church, will conduct the service. The interment will be in Fort Hill cemetery.

Gas Stoves for Cooks. A full line of the Jewel Gas Stoves just received at Senter's, the House Furnishing Store, 3 and 5 Clark St.

No more oil, smoke or disagreeable odor; clean, cheap, quicker and always ready. Call and see them in use, at the store. E. P. SENTER.

Lyman Soule's Fortune. On the petition of the executors of the will of the late Lyman Soule, a citation and final settlement has been set down for July 28th, by Surrogate Tupper.

BACKING A DEMOCRAT.

THE BOARD OF EXCISE ASKED TO MAKE A CHANGE IN THE CLERKSHIP.

Mayor Wadsworth, City Judge Hopkins, Recorder Gulon, Treasurer Stupp and Other Prominent Names on the Paper.

The regular monthly meeting of the Board of Excise was held in Clerk Day's office at the City Hall last evening, with Commissioners Smith, Conway and Koster, Attorney Hills and Clerk Day present. The meeting was called to order at 8:30.

A bill from the Auburn BULLETIN for printing, of \$84.50 was audited. The following ale and beer licenses were granted:

J. D. Furman, 3 Genesee street; Seneca Stevens, 63 State street; John Kaester, 5 Walnut street.

Clerk Day on being asked how much money had been taken in from licenses reported that up to date \$10,635 had been received.

Commissioner Conway offered the following resolutions:

That the clerk of this board be, and he is hereby directed to notify all persons to whom licenses have been granted, that they must call at the office of said board, in the City Hall, within ten days from this date, and pay for and take their said licenses, or in default of their so doing, the Board will, at the expiration of said time, take action looking to the canceling of said licenses. Also that a license, until paid for and taken, does not authorize the person to whom granted to sell any strong or spirituous liquors, wines, ale or beer and any sale so made, is in violation of the laws of this State.

Apparently the business of the meeting was now over and it was suggested by Chairman Smith that an adjournment was in order. But there was something else coming. It had been noised about town that a petition had been numerous signed by prominent Democrats requesting the Board that they appoint as their clerk, John P. Crosbie. Commissioner Conway was waiting to have this petition presented. Adjournment being imminent without its coming before the Board, he inquired as to whether such a petition had been received. Chairman Smith acknowledged that it had but said nothing more.

Commissioner Conway asked if the Chairman or any member had any right to keep a petition addressed to the Board without presenting it. There was no reply to this query, and the commissioner continued: "I will see that he (meaning the chairman) does not usurp any of the authority of the other members of the Board and as far as I am able, that he will do his duty, as I intend to do mine, and, if I can, I will assist him to do it."

Chairman Smith finally said that he thought the chairman had more rights than the other members of the Board to examine communications and petitions.

Commissioner Conway again asked for the petition and the chairman replied that he would have to get it from Commissioner Koster. The petition was then handed over and Commissioner Conway given an opportunity to read it. After reading it, he moved that the petition be accepted. His motion was seconded by Commissioner Koster and the petition was received.

Commissioner Koster tried to explain that the petition had been handed to Chairman Smith to be given to him. Why it had taken this course he did not state. The petition reads:

To Charles A. Smith, Dr. M. P. Conway and Clemece B. Koster, Commissioners of Excise of the City of Auburn:

Gentlemen:—The undersigned Democrats of Auburn respectfully request the appointment of John P. Crosbie as clerk of the Board:

D. Wadsworth, Jr., W. R. Hopkins, James C. Reed, J. B. Stupp, John D. Teller, Wm. J. Moses, Charles F. Gulon, William Cosgrove, James E. Stout, George E. Wright, Jr., H. F. Horton, H. B. Fay, F. C. Beck, D. S. Toohill, L. C. Mead, H. C. Johnson, Charles J. Stupp.

SHE OWNS THE EARTH.

Or at Least About All of it There is in This Section of Country.

Gertrude A. Mulholland, the woman who has at various times modestly laid claim to the ownership of Auburn, has struck Syracuse. She now seeks to prevent the Saline city from using the water of Skaneateles lake which, she says, is fed by springs owned by herself and others. She could not find Mayor Cowie, but nevertheless that did not prevent her from serving an injunction, of her own manufacture, against the appropriation of Skaneateles lake. The injunction is unique and is as follows:

To the Mayor, Secretary of the water company and those styling themselves officers of the works called the Skaneateles water works, or any other persons whatsoever either in law or equity: You are notified that those works you are now attempting to trespass on and appropriate are private property owned by the heirs of Daniel Mulholland and were sold on a judgment of the courts. They include all the springs in the Skaneateles lake to the utmost boundaries of the lands opposite the land including all the springs in the waters therein and all the rights and titles to the springs and bound to the springs, incomes to the owners. The springs are incomes and as such you and all Syracuse are positively forbidden to trespass on the water, or appropriate by placing pipes or instrument conducting any of the waters thereto for any purpose whatsoever. Lot No. 61, Sempronius, is the property of James Mulholland, Catherine Mulholland, Norwalk, Huron county, Ohio, and Gertrude A. Mulholland, now in Syracuse. No State, court or government has any right to interfere with the right of private property. These springs are incomes of owners solely. These waters are not navigable and so are not State property. This includes No. 41, Tully, and also 61.

GERTRUDE A. MULHOLLAND. Syracuse, May 29th, 1891.

C. B. Nichols' Great Sale.

C. B. Nichols, the veteran jeweler of Genesee street, commenced selling his complete stock at a sacrifice to-day. His stock is complete in every particular and is inventoried at over \$30,000. It consists of ladies' and gentlemen's gold and silver watches, diamonds, rings, pins, lockets, chains, opera glasses, field glasses, spoons, forks, in fact all kinds of plated ware and cutlery. Clocks of all descriptions can also be found at his store. Mr. Nichols is bound to sell goods and satisfy the public. Watches valued at from \$60 to \$70, sold at his store last evening at from \$15 to \$20; gold pins worth \$4 and \$5 sold for \$1.50. Finger rings worth from \$5 to 10, sold at from \$1.50 to \$3, and everything else in proportion. If you want anything in his stock, you can have it at your own prices by calling and having it put up at auction. The sale will continue at his store, 23 Genesee street, every afternoon at 2:30, and every evening at 7:30 o'clock. When not selling at auction, the goods will be retailed at auction prices.

THE FIFTH WARD SEWER.

Property to be Condemned for Its Route—A Huzelcase Specimen of the Council.

The Common Council in regular session last night, decided to have the property necessary for the Fifth ward sewer condemned, and the proceedings for obtaining the right of way will be taken at once. Aldermen Roach and Baldwin were absent.

E. W. Sunderland and C. G. Bartholomew were licensed as omnibus drivers. The mayor's report of the affairs of the street department for the month of May was received and filed.

The city surveyor reported surveys of Fulton and Hutton streets for sidewalks. Chief Davis reported eighty-five unlighted gas lamps and one electric light for the month of May.

City Treasurer Stupp reported that property No. 58 Aurelius avenue, 128 and 130 Franklin street and 33 Elm street had been bid in for taxes by the city, the total amount of the costs being \$249.15. A check for that amount was ordered drawn on the contingent fund.

The Board of Health committee appointed to examine the Franklin and Clark streets sewers presented their report which was referred to the committee on drains and sewers.

The mayor's veto of the resolution providing for a turnout at 108 Oswego street was read, and on motion of Ald. Hoyle, was received and read.

City Clerk Carson reported the issuance of auctioneer's licenses to Fred M. Smith and C. B. Nichols.

The finance committee reported bills as follows, and checks were ordered for the amounts:

D. F. Austin, 96 93  
Ira M. Austin, 6 00  
A. Burr, 2 88  
D. McCarthy, 2 88  
Brixus & Chapman, 107 50

Ald. Hoyle moved that the bill of Brixus & Chapman be included in the budget. It was ordered paid.

Ald. Hoyle said the bill included the desk for the street superintendent's office and he was sorry that the alderman from the fourth ward was absent, but thought the bill should be paid.

The finance committee also submitted the following:

"Your committee to whom was referred the matter of ascertaining the amount of compensation required by the several parties for the right of way through their premises for the Fifth ward sewer would report that they have visited nearly all the parties through whose land said sewer will run and that some of said parties are willing to give the right of way without pay; some are willing to do the same with the proviso 'if others will,' some are willing to give same right if they can be assured that they will not be assessed for the building of said sewer and Mr. Casey utterly refuses to allow the city to use his premises in any manner. Therefore your committee are of the opinion that it would be an injustice to take the lands of one or two parties without compensation and to pay others for the same privilege. We would therefore recommend that the city attorney proceed to have commissioners appointed to assess damages on all of such lands, and when they have heard the sewer mentioned, arose and asked the privilege to speak, but the Mayor rapped for order as no hearing was set for the session.

Genesee street was ordered sprinkled from Ross place to the Fair ground during the week.

Ald. O'Neill called up his resolution providing for the purchase of flowers for City hall park at an expense of not more than \$14.50, and it was adopted.

The resolution providing for the purchase of hose at an expense of \$8.40 was also taken from the table and passed.

The City Surveyor was instructed to make a grade for walks in Swift street from MacDougal street to Steel street.

The surveyor was instructed to extend his surveys for the Mattie street, Grove avenue and Hamilton avenue sewers so as to include Hamilton avenue east of Mary street.

The Committee on City Buildings was instructed to have the mayor's office papered, painted and carpeted at an expense of \$55.

The City Attorney was instructed to make application to the County Clerk for the appointment of three commissioners to ascertain and report the just compensation to be paid to owners of premises to be crossed by the fifth ward sewer.

THE JUNE FAIR.

It Opens in Moisture To-day—The Attractions for To-morrow.

The June fair opened this afternoon. The entire morning, as had yesterday, had been devoted to arranging the exhibits which are very numerous and some of them beautiful. Owing to the rain the attendance this afternoon was small, but if the weather is pleasant during the succeeding days the fair will certainly be a success. To-morrow which is children's day, the debate on the tariff will take place, Congressman Rowell G. How taking the protection side and Congressman Michael Harter arguing for tariff reform. In addition to the debate there will be a balloon ascension and parachute descent, chariot races and exhibitions of horsemanship by the Myrtle Peck combination, and numerous other attractions.

Prison Notes.

One man was discharged from the prison this morning.

The stomach of Donna, Mrs. Durston's St. Bernard dog, was shipped to Albany to-day to be analyzed. The remainder of the dog was buried in the center of the star flower bed in the front court of the prison yard and the bed filled in with foliage plants from the prison conservatory under the direction of Mrs. Durston.

Applegate Can't go Hop Pickling.

Yesterday afternoon, Recorder Guion sentenced Charles Applegate to a term of four months in the county jail for his part in the assault on Walter Wheaton.

Lansing Harwood pleaded guilty to vagrancy and was committed to the County house for three months. He took his commitment and walked to the County house alone.

St. Mary's Fair.

Hon. Seno E. Payne will deliver the opening address at St. Mary's fair in the Genesee opera house, Thursday evening at 8:30. Other appropriate exercises will accompany this address and help to make the evening attractive and enjoyable.

PRACTICAL PHILANTHROPY.

As the age becomes more and more utilitarian, philanthropy becomes more practical. True, plans for the relief of the poor are always more or less utopian, but they are now coming nearer to the people. A movement is on foot, in which a large number of the leading women of New York is interested, to provide apart-
