

Auburn Morning News

Official Paper of the County. FRIDAY, MARCH 24, 1876.

City and County.

Harry Chaul, the Rochester negro murderer, is to come to Auburn prison for life.

This is the last week of March, and the only opportunity the month to go out like a lion.

A Special Term of Supreme Court will convene in this city on Monday next, Judge Dwight presiding.

The inventory of the estate of the late Mrs. Seymour, as presented to the Surrogate's Court, places the value at half a million of dollars.

The burning out of a chimney on Francis street, occasioned an alarm of fire and called out the department at about 6 o'clock last evening. The boys took a short run for an appetite, but their aid was not required.

A solar phenomenon attracted attention at about 7:15 yesterday morning. The affair seemed to combine a mirage of the sun, with a rainbow somewhat off color, accompanied by a halo and other features to interest the early gazers.

An old plug, attached to a working sloop, is taking the romance and conceit out of the Rochester people on the ocean. The case seems similar to that noted on South street, the past winter, where "the boys" had their eyes opened by a green horse from the country.

Fair Haven is excited over an elopement from that marvellous settlement in which Mrs. James Kinney, wife of the village blacksmith, left her home to follow a married man named Abrams, from Canada, who had been doing business with her husband. She left a daughter aged 12, and her wife and several children.

REAL ESTATE.—Zorette S. Gibbard has sold to M. F. O'Connor, of Seneca Falls, a house and lot on the corner of Franklin and Elm streets, for \$3,800.

A. and H. Standish have sold to Wm. S. DeGroot, of Auburn, a farm of 26 acres in Fleming, for \$2,250.

Thos. Hawbridge, a commercial traveller, was in Oswego on business, finishing which he took the train for Syracuse. Immediately after taken his seat, he was taken ill, and when taken from the car at Fulton, he was found to be dead, of heart disease. He was a man of about sixty years, and resided at Williamsburg.

A runaway horse attached to a coal sleigh, with a cargo of two bushels of coal and driven by Patriot Curran, dashed through the gas house lane into State street, yesterday, scared by a train on the Central. Colliding with a hydrant the sleigh discharged the driver, the hydrant was snapped off its base, and the catastrophe culminated and ensued.

The State centennial banner is in process of manufacture. It is of white silk, double. The arms of the State are embroidered on both sides. The figures are six feet high. The presentation words are: "From the Daughters of New York to their Sisters of the Union." The State motto is "Excelsior."

The sentiment embroidered on the banner, as are the foregoing inscription, is: "The Lord God be with us as He was with our Fathers of old." The banner will be edged with yellow silk fringe, and the mounting is to be elegant. It will hang in Memorial Hall as a memento of this period.

DEATH OF AN AUBURNIAN.—A telegram received yesterday, announces the death of Mr. Milan B. Goodrich, formerly of this city, at Cairo, Ill., on Wednesday. Mr. Goodrich was a young man of fine ability and high character, and his death will be sincerely mourned by many friends. He was a son of the late Col. Goodrich, and had lately been employed as General Freight and Passenger Agent of the Cairo & Vicksburg Railroad. The remains will reach this city this evening, and the funeral services will probably be held on Sunday, with military honors. The deceased was a member of the old 19th Infantry and 3d Artillery, and served with distinction during the war, earning promotion to the rank of Lieutenant.

Appointment of Clerk of Auburn Prison.

Willard N. Smith, of Geneva, the present Store Keeper of Auburn prison, has been appointed to the position of Clerk, by the Board of Inspectors, at their Sing Sing meeting yesterday, to take effect April 1st. Mr. Smith is a gentleman of fine business capacity, and from his well known ability and probity will be enabled to fill this important trust with credit to himself and profit to the State. The honor and executive talent which have graced the position in the hands of his predecessor, the present incumbent, Col. Jay E. Stokes, give it a prestige which Mr. Smith may be proud to emulate, and we have no doubt he will be entirely successful in similarly honoring himself in the discharge of its functions.

More Sing Singers for Auburn

ARRIVAL OF A GANG OF FIFTY TRANSFERS AT THE PRISON.

Another shipment of out-throats, burglars, pickpockets etc., was registered at Auburn prison yesterday, invoicing fifty striped transfers from the densely packed galleries of Sing Sing, where the total number Wednesday comprised 1649 men.

The gang came through safely, in charge of Capt. Hilbert and five other keepers and guards, and on arriving at Copper John's were bathed, washed, and adopted into the family of felons, their reinforcement swelling the total of the prison to 1412. This number is fifteen less than the total of Jan. 1st.

The new comers include a murderer, sent for life, 6 pocket-pickers, 12 robbers, 18 burglars, 2 forgers, and a miscellaneous sprinkling of grand larcenists, receivers of stolen goods, river pirates, etc. Among them is Fowler, one of the gang who stole the engine from a train and made off with a machine which they knew not how to manage, and were recaptured. All but four of the new comers are from New York, 2 from Dutchess and 1 each from Kings and Rockland.

New Patents.

The following patents were issued to citizens of the State of New York during the week ending March 21st, 1876:

- Bed Bottoms—Ezra P. Carter, Arcade, Teeth for Grain Drills—Aaron H. Dixon, Auburn. Signs for Street Lamps—P. A. La France, Elmira. Ties—D. H. Mathias, Albany. Harrows—Pfeifer, Durbanville. Hay Loaders—E. L. Shields, Troy. Mowing Machine—J. B. Tinker, Plymouth. Dress Shields—C. J. Wilber, Buffalo. Presses—Geo. B. Boomer, Syracuse. Saws—Geo. S. Brown, Poughkeepsie. Truss Bridges—Solon Conklin, Kirkwood. Car Coupling—W. G. Hawley, Rushville. Gravel Holders—C. M. Howard, Fredonia. Penant Roasters—Milton M. Northrop, Utica. Harvesting Rakes—Paul B. Burditt, Hornellsville. Feed Cutters—E. R. Hall, Waterville. Harrow Attachments for Plows—Theron Jacobus and David R. Ambrose, Romulus.

Reported by Fitch & Fitch, Counsellors at Law and Solicitors of Patents, No. 21 Park Row, New York, through Warren T. Worden, Counsellor at Law and Corresponding Solicitor at Auburn.

PERSONAL.—Dr. Mc Donald the successor of the late Dr. Wilkie, as Superintendent of the State Asylum for Insane Criminals, assumed charge of that institution yesterday.

Hon. C. D. Mac Dougall is in town, which fact occasions an inquiry as to what has become of the appropriation voted by Congress, toward making plans for the Government Court House, post office, etc., for this city.

Agent C. F. Burston arrived home yesterday from Sing Sing.

COMIQUE THEATRE.—This side splitting variety troupe appears again to-night at the Academy of Music, with a change of programme and new features. The bill last night was received with roars of laughter and applause. One tedious spot in it was the attempt at a banjo duet, which ought to be wiped off the slate. The company deserve a good house, and ought to do well in their travels.

SKATEBOARDS.—A new steamer with a capacity for 600 passengers, is to be put on the lake by the railroad and water route interests.

We learn that our friends at the Glen Haven water cure, have placed in the lake about 76,000 salmon trout, which were obtained at the State fish farm at Caladonia. We are assured that the gentlemen connected with this enterprise intend to enforce the game law against all in that vicinity who have for many years defied all the provisions of the law for the protection of fish in this lake.—Dem.

How THEY CLEAN THE WALKS IN SPRINGFIELD.

The police court room at Springfield, Mass., was the scene of a popular assemblage on Tuesday. A heavy snow storm had been raging, and the sidewalks were encumbered with the same obstructions to pedestrianism that afflict all other sidewalks in the snow regions of United States. The walks had been so obstructed during the winter, and the city had been called upon to pay damages from broken limbs, fractured on account of citizens neglecting to clean the snow from their sidewalks. The assemblage at the police office comprised average citizens, bankers, clergy, doctors, merchants, judges, capitalists, ladies, and all the grades of society. They had met in response to warrants issued on complaint of the City Marshal, and each and every one of the party was compelled to pay a fine and costs of \$5.20, for violation of the ordinance. The first party fined was the Judge of the Police Court. The net result was \$688.40, and a run on hardware stores for snow shovels. This plan is coming into fashion and may yet reach Auburn.

It is reported that the Auburn accommodation train will be put on the road next month. This is the train leaving for Rochester at 6 A. M., returning at 9 P. M., and of special advantage to the legal fraternity in Court time.

The Touque bonnets with small brim and loose crown, are worn; some, indeed, have no brim, a long curled feather being fastened all around the crown. They have little strings attached to the back of the bonnet, brought forward and loosely tied in front.

Hard Spun Cashmere Silks.

These Cashmere Silks are guaranteed hand made, by well selected weavers, on looms at their own homes. They are therefore more even in fabric, softer in finish, of more reliable wear, and their freedom from oily substances renders them less apt to wear shoddy than ordinary makes of silk when in factories.

None guaranteed unless marked Ancienne Maison Hamot. A splendid assortment of the above celebrated Silks may be found at the store of Lyon, Elliott & Bloom, at wholesale prices. They purchase them direct of the manufacturers' agents as low as they are sold to any jobber.

SILKS, SILKS, SILKS. Lyon, Elliott & Bloom call attention to their extensive opening of Black, Colored, and Fancy Silks; the largest ever offered in Auburn, at prices which will command the attention of the closest buyers. In this opening can be found silks of the celebrated makes of Antoine Guinet & Co., C. J. Bonnet & Co., Hand Spun and other best makes of Silk. Also full lines of the celebrated Cheney Brothers American Silks in Colors and Black, making the largest and most attractive stock yet opened in this city.

LYON, ELLIOTT & BLOOM, 85 Genesee-st.

Every lady who visits the Centennial will need a handsome, serviceable dress, suitable for all occasions, and there cannot be a better one than a nice Black or Striped Silk. J. D. Smith offers the best bargains in the goods in the city. Striped Silks from 75c up to \$1.25. Fair Black Silk, at 1.00. Much better Black Silk, at 1.35. Lyonee Black Silk, very choice, 1.75. Superb Lyons \$2 worth 2.75. Just examine these goods before buying.

Choice Bargains in Linens, Napkins and Hosiery, at 85 Genesee-st. J. D. SMITH'S.

Butterick's Spring Patterns for 1876. The Delineator for March and the Quarterly Review just received, and for sale by

LYON, ELLIOTT & BLOOM, 85 Genesee-st.

Mr. WART, member of Parliament from Gloucester, is troubled about the Geneva award. In the house of COMMONS yesterday he gave notice that he should ask Mr. Bonke, under secretary of foreign affairs, whether it is true that the government of the United States, after paying the Alabama claims, has a surplus of from one to two millions sterling for which it is unable to find legal claimants.

DIED. SHAKLETON.—In this city, March 22, 1876, Sarah, wife of George Shakleton, aged 40 years. Funeral services at the late residence, 244 Broadway, on Wednesday, March 23, 1876, at 10 o'clock. Friends are invited to attend. FORD.—March 21, 1876, Mary Francis, daughter of E. L. and Frances A. Ford, aged 11 months. Burial from the residence, No. 2 Beach avenue, Saturday at 1 P. M.

SPECIAL NOTICE. A CARD. To all those who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of memory, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self addressed letter to the Rev. JAMES T. LINDAY, 244 Broadway, New York City.

PERFECTED IRON PLANES.

METALLIC PLANE COMPANY. Auburn, N. Y.

IRON PLANES. A SHORT time since, we made a set of Iron Block Planes, the use of which has conclusively proved that such planes, when made straight and true, are superior to any other kind of planes.

THEY DO NOT WEAR UNTRUE. More than ten years' use of Iron Planes prove this to be an ordinary error. If it is long and very severe use, any slight wear of the face should be removed, and the plane set up as usual, in any good machine shop, in fifteen minutes.

THEY DO ALL KINDS OF WORK. course of fine, and no other bench planes are required, so all can afford them. They will save their cost every year, and on hard work every month, and the workman will have, at all times, a plane that is true and that will do the perfect work. This is a wooden plane after a few weeks' use never has. Often indeed, new planes in store are so warped that straightening them spoils the face.

THREE PLANES ONLY REQUIRED. Our three Planes will save, smooth and join any lumber better than any four wooden Planes ever made.

ANY CUTTERS CAN BE USED. In our planes, in all other iron planes, special cutters are required. This will be appreciated by those who have used the Planes of the Metallic Plane Co.

ADJUSTABLE THROAT. which can be made fine or coarse in an instant and that adapts them to all kinds of work, in the greatest and most perfect manner. All other iron Planes with fixed throats, are adapted to the work only.

WE LAY OUR CUTTERS FLAT. at a low angle, and, with a fine throat, on them work smoothly and very easily.

OUR FLUTED FACE. opens free all channels, compels the plane to move in a straight line, and overcomes all troublesome advantages of the wood.

OUR CUTTING IRONS. are now made of the finest English plane iron steel and are suitable for all kinds of work, in the greatest and most perfect manner. They are balanced and fitted in the most perfect manner before leaving the factory, and warranted.

TESTIMONIALS. We can do all a volume with similar extracts, but have room for only a few.

From R. Montgomery, President of the Massachusetts Fair, 1875. Over \$25 have been paid by the fair in our other planes, and they have done more work than any other planes we have ever used.

From the Singer Sewing Machine Manufacturing Co., South Bend, Ind. We have fifty pairs of your planes in use in our factory, and they prove to be all you claim for them.

From J. M. Bolin, Foreman in Brock's Office, Factory, Boston, Mass. We have used your planes the past year. They do all the work that we do not do with any other kind of planes.

From Bailey & Bates, Builders, Quincy, Mass. We have used your planes for more than a year, and would not part with them at any price. They work very easily on soft wood, and better still on hard wood. They are the best planes we have ever used.

I have put your planes to the severest test, on hard and soft wood, and they have done more than I could have expected. They are the best planes I have ever used.

WOODS & WILSON Sewing Machine Co., Lowell, Mass. Prices of the Perfected Iron Planes.

Smooth Plane, 8 in. long, 2 1/2 inch throat, \$4.00. Jack Plane, 12 in. long, 2 1/2 inch throat, \$5.00. Jointer, 12 in. long, 2 1/2 inch throat, \$6.00.

IRON BLOCK PLANE. We make a very perfect Iron Block Plane, and we have the largest stock of them in the State.
