

HER HUSBAND DEAD

And Discovery Causes Fatal Shock to Wife. BOTH WERE OCTAGENARIANS

Mrs. Silas M. Ashley Found Alive but Helpless After 15 Hours' Exposure.

Seneca Falls, Dec. 11.—Exposed to the cold for at least 15 hours in a helpless condition and lying within a few feet of the lifeless body of her husband, was the pitiable plight in which Mrs. Silas M. Ashley was found at 1:30 o'clock yesterday afternoon in her home in McDufftown, 12 miles southeast of this village.

Reuben Barick, a young man living in the neighborhood, was the first person to discover the condition of the couple. Both were over 80 years of age and lived alone in a small house in the country settlement.

Thursday afternoon Mrs. Ashley called upon some of her neighbors. She returned home and it is the opinion of the authorities that when she entered the house she found her husband dead on the floor of a small kitchen closet. The shock of the finding is thought to have brought on a stroke of paralysis from which it is not thought she will recover.

For some time Mr. Ashley has been afflicted with a kidney disorder which has called for medical attendance. The examination of his remains by Dr. E. P. MacWayne and Dr. D. F. Everts of Romulus showed that his death resulted from this disease. A shelf had been broken down, probably by his falling against it, and several heavy iron kettles were under and partially over his body. On his body were several large bruises. He had only a shirt and coat on when found.

Mrs. Ashley was found unconscious behind the kitchen range. The physicians at once diagnosed her illness as due to paralytic stroke.

Coroner George W. Post of Ovid was called as was Coroner F. W. Lester of this place but Coroner Post took charge of the investigations. He found from the water frozen in kettles on the stove, facts elicited from neighbors, and the physicians, that there had been no crime committed in the case but the matter was simply a combination of unusual circumstances which at first made it appear as if some person had attacked the aged couple.

There would have been no motive for such a crime because they were very poor. The remains of Mr. Ashley are now in Undertaker John Snook's rooms in Romulus and it was reported from Fayette this noon that Mrs. Ashley had died, but this could not be verified. Her condition last night was said to be such that no hope of her recovery was held.

Large Crowd Heard It Last Night at St. Lucas' Church.

Before each of the three divisions of the programme, on Beethoven, Rubinstein and Grieg. Mr. Osborn gave a brief talk on the music that was to be played, and

he illustrated the theme on the piano, the result being a more delightful appreciation by those in the audience not trained musicians. Mr. Kurts never played more beautifully and he delighted the audience. A special platform had been erected and it was found to perform some remarkable sounding board feats, adding considerably in the general tone effect. The Strich & Zeldner piano supplied by E. J. Meyer was highly commended by Mr. Osborn.

PEARSON SHOWS FIGHT.

Owasco Justice Says He Will Rip Something Open.

Justice of the Peace Pearson of Owasco told a Citizen reporter this afternoon that he "will rip something open after the supervisors get through" with him.

"This whole business looks to me like a personal attack and I am pretty sure who is behind it all. Somebody came to Owasco last summer in an automobile, he was going faster than the law allows we arrested him, he doesn't like it and so he thinks he can raise some trouble.

The reports in the newspapers that I have been notified to itemize my disbursements certainly news to me. I haven't been notified up to the present time. None of the newspapers agree upon anything and they all seem to be at sea regarding everything.

"My accounts are all straight and I am willing to itemize my accounts, but the report I made recently was the same kind of report that I have always been in the habit of making.

Boys vs. Boys.

Four boys, ranging in age from 8 to 10 years got after three smaller boys ranging from 6 to 8 years some time ago in Owasco, took some notes away and then looked them up in a shed. Not content with that molley-coddle program the quartette plied lead alongside the building and set fire to them. A man who happened to be passing at the time put out the flames and liberated the trio of frightened youngsters. Yesterday afternoon the four were before Justice of the Peace Pearson to answer charges of assault preferred. The trio testified that the quartette had taken several quarts of nuts from them as they were returning home on the Melrose road after a day of hunting for nuts. They also declared that they were so frightened after being released from the shed that they could hardly get home. No disposition was made of the case by Justice Pearson.

The Hockborn Case.

The examination of Robert Hockborn charged with an unnatural crime, took place yesterday afternoon before Justice of the Peace Pearson of Owasco.

Justice Pearson declares that he will decide the matter within another week.

THE COUNTY GRANGE

(Continued from fifth page.)

It naturally followed that the depletion in our population and the competition of the Western farmers resulted in a hardship for those who had remained in the East.

"The fourth epoch is the period of prosperity. The Western lands are now entirely taken up. The only vacant land in the West are arid and sage-brush. How do we know that we are on the eve of prosperity? Because the main source of depletion has been stopped and our people are increasing in numbers. They must be fed, and who can feed the people of the East better and easier than the farmer of the East? The farmers of the West are coming East and settling in New York State. It is no longer the home-seeker from the East to the West, but it is the home-seeker from the West to the East, and the State Department of Agriculture is going to co-operate with those home-seeking schemes."

DIED IN SYRACUSE.

Relatives Claimed and Had Body of Saffies Sent Here.

Edward Sayles, familiarly known to many Auburnians as "Pop" Sayles, died yesterday at St. Joseph's hospital, Syracuse, in his 60th year. He had been a resident of Auburn nearly all his life but recently left here, and while in Syracuse was taken ill and died there.

The remains were unclaimed for a time and the authorities notified Chief Bell to search for relatives supposed to be in Auburn. Inquiry developed that a son, Edward J. Sayles and the wife of the dead man, from whom he had been estranged for many years, were living near Rochester and when notified they claimed the body. Undertaker William F. Stullon went to Syracuse this morning and brought the body to his undertaking rooms in Clark street and they will be buried tomorrow probably at Lakeview cemetery. The body was turned over to Undertaker W. P. Hart of No. 549 South Salina street by the Syracuse authorities pending the location of the dead man's relatives.
