Taken In.

An Embezzler, His Wife and Brother Arrested in Montreal.

United Press Dispatch.

MONTREAL, April 26.—Early this morning Pinkerton detectives arrested D. A. Smart, his wife Sadie, and brother Geo. Allen Smart, on the charge of embezzling $40,000 from the great pork packing house of George Fowler & Son of Kansas City, Chicago, New York, Boston, Liverpool and London. D. A. Smart was the New York representative of the firm. About three weeks ago he disappeared. The books showed a defalcation in a large amount and a warrant was taken out on the charge of embezzlement of $45,000. The detectives, learning that Mrs. Smart lived in Lowell, Mass., took up her trail there and traced her, via Sweden, Maine, Chichester, N. H. and Portland, Me., to St. Lawrence Hall, Montreal, where her husband and she were registered as J. H. Roberts and wife, Bangor, Me. Their room has been watched since Friday, but Smart never left it. They had numerous callers by one of whom the officers at last identified the inmates of the room by means of a photograph. Yesterday a warrant was procured and the arrest was made at one o'clock this morning. The preliminary examination will be opened to-morrow. A writ of attachment has been taken against the luggage of the prisoners.

The Militia.

The National Guard Called Out to Prevent Rioting by the Striking Refiners.

United Press Dispatch.

BROOKLYN, April 26.—A number of the striking hands at Mollenhauer's sugar factory returned to work to-day at the refinery at the foot of Rush street, Williamsburg. Several loads of molasses were carted from the dock to the refinery without any interference up to 2 o'clock. About this time some threatening demonstrations were made by the strikers. The position of affairs is now considered critical, and an outbreak is thought to be imminent. Four companies of militia have been ordered under arms and are in readiness to be despatched to the scene should any trouble occur. The strikers are very threatening in their demeanor and this precaution has been taken as the police force is entirely inadequate.

BROOKLYN, April 26.—A wagon loaded with sugar hogsheads left Dick & Meyer's sugar refinery at the foot of North 7th street this afternoon. At the foot of Grand street where it was to be transferred to a boat for New York, it was attacked by a mob of strikers and stones were thrown at its driver. The police succeeded in making a passage way for the truck of the ferry boat, but many of the rioters followed it with the intention, as avowed, of throwing it overboard in the middle of the river. No one was seriously hurt in the volley of stones that was thrown.

A Stay of Proceedings Denied

United Press Dispatch.

NEW YORK, April 26.—Judge Andrews, in Supreme court chambers, has decided to deny the motion of the Western Union Telegraph company for a stay of the trial of the action of the receiver, John G. Farnsworth, of the Bankers & Merchants Telegraph company, to recover $2,000,000 for the cutting and destruction of wires last July, until the action now pending in the United States circuit court by Receiver Harland of the American Rapid Telegraph Co., against the Bankers & Merchants company shall be determined. The judge denies the motion with $10 costs against the Western Union company. An effort will be made to have the $2,000,000 suit tried this week. It is probable that an application for a stay of the supreme court suit, will be made to the United States courts immediately.

United Press Dispatch.

WASHINGTON, April 26.—The President to-day sent the following nominations to the Senate: United States consuls: Andrew F. Fay of Illinois, at Stettin; Thos C. Jones of Kentucky, at Funchal, Maderia. Rueben B. Pleasant to be United States marshal for the eastern district of Louisiana, vice J. K. G. Pitkin, term expired; Patrick O'Malley, of Wisconsin, to be receiver of public moneys at Menasha, Wis. Postmasters—J. Holmes Patton, Brownsville, Penna.; Wm. T. Dowdall, Peoria, Ills.; John W. Fletcher, Battle Creek, Mich.; Wm. Gilman, Chamberlain, Dak.; Stephen D. Jeffries, Clark, Dak.; Chas. T. Curtis, Helena, Mont., J. J. L. Peel, Spokane Falls, Washington Territory; Charles O. Thiebaud, Vevay, Ind.

The Informer Only to Suffer.

United Press Dispatch.

ST LOUIS, April 26.—Fred. Pinkerton one of the leaders of the street car men's strike last fall, and who has been confined in jail since then, being implicated by the confession of George Withrow in the famous dynamite plots of that period, was to-day discharged from custody. The cases against him were *nolle prossed.* Withrow weakened and failed to substantiate his confession when the trial came up. It is understood that the cases will now all be allowed to fall through with the exception of that against Withrow, the informer, who will be prosecuted upon his own confession.

Railroad Gossip.

United Press Dispatch.

NEW YORK, April 26.—Wall street brokers are at present interested in the probable rate of the Pennsylvania road's semi-annual dividend soon to be declared. There have been many rumors but no definite knowledge on the subject have yet been made public. The impression is that it will be part cash and part stock allotment. The Reading road's affairs are unchanged. Mr. Gowen's plan of reorganization will not be announced until the arrangements are completed.

Sensational Stories Disproved.

United Press Dispatch.

GREENWOOD, Ky., April 23.—Governor Knott and his cabinet yesterday examined the convicts employed at the Greenwood mine. Sensational stories of the infliction of barbarous punishments were disproved. The state troops will remain, as the free striking miners and others openly assert their intention to destroy the camp the moment it is not under military protection.

Bad faith on the part of an individual, a city, or even a State, is a small vice in comparison with the calamities which follow bad faith on the part of a sovereign government.

Two Horses.

Which are Anxiously Sought by their Rightful Owners.

William Lee, the grocer of 157 State street, has or rather had, a horse which has done eleven years good service, but last night Pat Malady, who was arrested a short time ago for "holding up" the Port Byron stage, went to the barn where Mr. Lee's noble equine was stabled in the rear of M. F. Keeler's residence, 151 Seymour street, hitched the horse to a delivery wagon and accompanied by a man named Doyle, started for a drive. After the city thoroughfares had been gone over, the drunken pair longed for fresher air and newer sights and with that object in view they started South. The last seen of them, they were nearing Fleming Hill on the South street road. Chief Crosbie was notified and in turn has sent descriptions to the authorities in near-by towns and it is probable that the fellows will be overhauled this afternoon.

Chief Crosbie is also in receipt of a notice from Waterloo of the loss of a horse, 17 years old, 14 hands high, one eye gone, rather spare, with star on forehead, which up to Saturday night was owned by R. Russell of Waterloo. Thieves, however, took possession of the horse, top buggy and two overcoats on that evening and the owner is anxious for their recovery.

O'Hora and Morphine.

Jack O'Hora, of the famous family of that name, was drunk and disorderly in Pat. Munhall's saloon, State street Saturday night and objected strongly when Officer Davis attempted to arrest him. His objections were over ruled, however, and he was brought to the City Hall, where he indignantly denied that he was drunk, but claimed to have taken an overdose of morphine, showing a box of pills in proof of his statement. Notwithstanding the plea, he was locked up and when arraigned this morning he said nothing about the morphine, but pleaded guilty to the charge and paid $3 instead of going up for 15 days.

Andrew Kraus has returned from New York, where he has been purchasing a full line of fishing tackle and sporting goods.

Death of S. W. Palmer.

Sidney W. Palmer, for a long time a manufacturer of washing and wringing machines in this city, died at his residence, 10 Mattie street, Sunday. Mr. Palmer had not of late been actively engaged in business. He served during the war for two years in the 19th infantry and 3rd artillery, and was a member of Seward Post, which will give him the honors due a departed soldier at his funeral, to-morrow afternoon. Mr. Palmer was in his 57th year.

A Complaint in the Case.

Henry Lewis, blacksmith, was arrested this afternoon, charged with assault and battery by George Sherlock, a boy. Lewis claims that Sherlock and his son were fighting, Saturday, and he attempted to part them, hence the charge. A witness of the incident explains that Lewis' son was downed in the fight and his father come to the rescue, parting the boys so forcibly that young Sherlock was thrown to the ground with terrific force, while the Lewis youngster was not taken off his feet.

Will Settle Amicably.

United Press Dispatch.

BUFFALO, April 26.—An agreement was arrived at between a committee of the employes of Jewett's stove works which closed down on Saturday, and the firm, this morning, by which the works will resume operation to-morrow morning. Mr. Jewett stated this morning that the sole object in shutting down on Saturday was to destroy an outside conspiracy that had been brewing against the firm for some time. The men intended demanding an increase of wages amounting to 15 per cent. over the present rate, this week and proposed to strike in the event of a refusal. The demands of the men will be inquired into and a satisfactory arrangement considered relative to the increase of wages.

Striking Foundrymen.

United Press Dispatch.

BROOKLYN, April 26.—Two thousand foundrymen of Brooklyn and Long Island City are on strike for a ten per cent. increase. The Continental Iron Works, Braid Bros., and a few others acceded in part to the demands and work is going on, pending a full adjustment. All the other shops, some thirty in number, of all sizes, are closed.

Still Another Suffering Woman Made Happy by Applying to Dr. E. F. Butterfield as a Last Resort.

MY DEAR DOCTOR: When I came to see you, three months ago, I was completely discouraged. I had no expectation of living but a short time. After my child was born, I was taken with hemorrhage, followed by ulceration of womb, great weakness of stomach and kidneys. We had a counsel of doctors who said there was no hope of my ever being able to help myself or get about, yet here I am, able to do my work, thanks to you, I can hardly believe it myself. I shall be in to see you to-morrow. Refer your patients to me. I shall be only too glad to write them. ELIZABETH MORGAN.

Still Another Suffering Woman Made Happy by Applying to Dr. E. F. Butterfield as a Last Resort.

MY DEAR DOCTOR: When I came to see you, three months ago, I was completely discouraged. I had no expectation of living but a short time. After my child was born, I was taken with hemorrhage, followed by ulceration of womb, great weakness of stomach and kidneys. We had a counsel of doctors who said there was no hope of my ever being able to help myself or get about, yet here I am, able to do my work, thanks to you, I can hardly believe it myself. I shall be in to see you to-morrow. Refer your patients to me. I shall be only too glad to write them. ELIZABETH MORGAN.
