

The Auburn Bulletin.

Office Corner Clark and Green Streets, Auburn, N. Y. Terms 96 Per Year: 20 Cents a Month. Empire Telephone No. 773 Automatic 773

The BULLETIN is a member of the Associated Press and receives the full afternoon service of the organization over its leased wires up to the hour of going to press.

THE RULES of procedure before a grand jury should be a subject on which every district attorney is thoroughly posted. Several days were spent by the last grand jury in an inquiry into the frauds perpetrated under the fish net bounty law, and of the indictments returned two have been dismissed because of District Attorney Dayton's error in procedure.

THERE IS something queer in the sending of Jules Cambon to Spain. Whatever the fact may have been once in the year 1902 the transfer of an ambassador from Washington to Madrid is not a promotion for him. M. Cambon was Spain's intermediary when she sued for peace in 1898, and no doubt the Spaniards, remembering his services on that occasion, will make much of him; but he cannot be going to Madrid merely to receive the expressions of their gratitude.

IT WAS ON August 26 that General Miles received a six-line note from Acting Secretary of War Sanger. He learned from it that his application for authority to inspect the forces in the Philippines had been approved by President Roosevelt, that the department wished him to start about September 15, and that it wished him in his inspecting to "give particular attention to instruction, discipline, and supplies of all kinds."

THE PEKIN Gazette of Friday contained an edict abolishing the likin stations throughout the Chinese Empire. This edict states that under the new commercial treaties with foreign states the Chinese export and import duties are to be increased, and that the minister of finance will hand over a part of these increased receipts at the frontier to each provisional government.

A BOOM FOR BELL. Studying the outlook for mayor of our city, I would like to say a few words to the taxpayers in regard to that subject. Now we want a man for mayor whom we can trust to do the best for the city, not a part of it but the whole at the least expense to the taxpayers, rich and poor.

now is \$25,000 and when there was more to do than now it was \$10,000. We want a man for mayor who will be mayor and knows how to run a city by experience. I think Thomas J. Bell is the man for the occasion as he has had the experience in the board and would make a mayor the people could have confidence in.

Taft's Ashmatine—new style is guaranteed at Smith's, 54 State st.

PEASE-BANNON. There was a pretty wedding at the residence of Father McGrath on Wednesday last, when Miss Amelia Pease and John Bannon were united in matrimony by Rev. C. A. Silke, of the Holy Family church.

ALIGHT DOCKET. That yesterday's enormous Labor day crowd was an orderly and well behaved one is borne out by the fact that only two offenders were guilty of offenses of sufficient moment to cause their arrest by the police.

John Ferris, of No. 23 Cottage street, paid a fine of \$5 for intoxication and disorderly conduct in State street early last evening.

Officer Keegan reported last night that a scrap between two men named Clark and Miller in Division street near Nye & Wait's factory had caused quite an unusual commotion in that vicinity. The men are neighbors.

James Springer, the young man arrested Saturday afternoon for assaulting an old man named Corleiki in State street by hitting him with a stone, pleaded guilty to the charge of assault in the third degree on arraignment this morning.

DISAPPOINTMENT AHEAD. There's many a balk in store for the sportsman whose weapon needs rifling. Why procrastinate? There's Mr. Wheeler at Smith's Drug store, 54 State street, who knows just how to rifle a gun—he does it right.

DEATH OF W. D. OSBURN. William David Osburn, of Port Byron, died this morning at 8 o'clock at his residence, at the age of 73 years. Mr. Osburn had reached nearly four score years and retained the activities of life for which he had always been noted.

MATTERS MILITARY. A bus load of members of the Second Separate company are practicing on the Troop rifle range this afternoon, preparing to make some high scores at the general rifle practice of the company, which will be held September 15 and 16.

EATON'S FOOT AID. An effective remedy for sweating, tired, swollen and aching feet; also good for bunions, corns, chilblains, &c. Price 25c. For sale at Smith's, 54 State street.

DIED AT SOLDIERS' HOME. George Quick, formerly of this city, died at the Soldiers' home at Bath yesterday. He was 79 years old. Funeral services will be held at the residence of his daughter, Mrs. John W. Talladay, No. 7 Westlake avenue, Thursday afternoon at 5 o'clock. Burial will be at Fort Hill.

PREACHER'S CHILDREN. Famous Ochers. The wife of a prominent divine tried the food cure with her little daughter. She says, "I feel sure that our experience with Grape-Nuts food would be useful to many mothers. Our little daughter, eight years old, was subject to bowel trouble which we did not then understand and which the doctor's prescriptions failed to cure."

WE HAD been using different cereals for breakfast and finally becoming discouraged I said, "I will try an experiment. I will discard all other cereals and use only Grape-Nuts for breakfast." The three children all like it better than anything else and are so fond of it that I hardly let them have all they want. In a short time I could see an improvement in the bowel trouble.

VARNEY TRIED SUICIDE.

Syracuse Convict Found Hanging from the Door of His Cell. Another convict in Auburn prison attempted to terminate his sentence by suicide yesterday morning about 11 o'clock. The man was Fred Varney, who occupied a cell in the second gallery of the North wing. He was observed suspended in his cell with his bed strap about his neck.

Varney was received at the prison from Syracuse for a term of five years for burglary and was released on parole April 21, last. A short time after he had gained his liberty he was arrested in Syracuse and sent to the Onondaga county penitentiary for a term of 60 days. That sentence expired last Thursday and he was brought back here to serve the balance of his original sentence.

SENECA COUNTY.

Falls Was the Deserted Village Yesterday. Personal and Minor Mention.

SENECA FALLS, Sept. 2.—Seneca Falls looked like the deserted village yesterday. Everyone seemed anxious to get out of town and it was noticeable that nearly all bought tickets for Auburn. The 6, 7:35 and 9:55 regulars, and the 10 o'clock special all took large numbers of people to the Prison city, and every one who went reports a good time.

James E. Dalrymple and Carleton W. Beckman, of Rochester, both former residents, were in town yesterday, calling on old friends.

Bernard Melville is home from New York for a week's visit with his mother, Mrs. John McBride.

The Odd Fellows of Seneca Falls and Waterloo will go to Geneva next Tuesday evening on special cars over the electric road for the purpose of placing the bundles of sticks into the custody of Old Castle lodge, of that village.

SHE'S AN EXERCISER. There's a young lady who bought one of those \$25 wheels at Smith's—yes you know—54 State street. "Well," says she, "I had half imagined the benefit derived from bicycling I should have owned a wheel a long time ago."

SURROGATE'S COURT.

The will of William S. Buck, of Cato, was admitted to probate and letters testamentary were issued to the widow, Ann Buck, who is the sole beneficiary named. The estate consists of \$200 personal property and \$1,000 real estate.

The will of Stephen A. Bailey, of Troop, was admitted to probate and letters testamentary were issued to the widow, Alice Bailey, to whom is left the entire estate. The will was made August 30, last.

Petition filed and citation issued to September 9 in order to prove the will of the late Cordelia Trufaut, of Montezuma.

Ancillary letters of administration issued to Daniel Rumbaugh, of Briarfield, Ind., in the matter of the estate of John W. Ackerman, of Noble county, Ind. The deceased was a beneficiary under the will of the late Caroline Loveland, of this county, in the amount of \$800.

Inventory in the amount of \$10,223.33 filed in the matter of the estate of James V. Wheelhouse, of Cato. Decree granted settling account in the matter of the estate of Sarah L. Ferris, of Auburn.

Decree granted settling account in the matter of the estate of John Smolensky.

NOT YET SATISFIED.

As the result of a show cause order recently granted by Surrogate Woodlot on the petition of Nelson Starnes, Frank Starnes, the executor, filed this morning a supplemental account in the matter of the estate of Nelson Starnes, of Genoa, but the petitioner is not yet satisfied. In the original account, the petitioner alleged, certain items had been left out that should be in and the total of the account filed today is greater by about \$40 than its predecessor. The petitioner, however, still claims there are yet other articles that should be included and at his request an adjournment was taken on September 15 in order to give him an opportunity to examine into the matter further. Amasa J. Parker appears for the petitioner and Hull Greenfield for the defendant.

The Unhappy Burden Bearer Must Make Choice.

PAINE'S CELERY COMPOUND. Takes Away the Load of Disease and Leads to New Life, Health and Happiness.

The unhappy victim of disease and suffering who has just dragged through the summer, and who is now racked with suffering and almost a physical wreck, must make immediate choice of two paths. One leads to increased misery and certain death; the other to new life, health and happiness. The use of Paine's Celery Compound is a necessity for all who seek the path of health and long years. Victims of rheumatism, neuralgia, kidney disease, liver trouble, dyspepsia, nervousness, and blood diseases quickly and surely find new life, vigor and strength in Dr. Paine's medical prescription—Paine's Celery Compound. It builds up the system, purifies the blood, braces up the nerves, and regulates digestion as no other medicine can do. Mr. John G. Rowan, 137 E. Winifred St., St. Paul, Minn., says:— "Some six years ago I suffered with rheumatism in my knees so painful I could get no relief, and I had to rob a man for a moment's ease. Paine's Celery Compound cured me and eradicated the disease from my system. I had also been afflicted with kidney disease as most railroad men are, and I had catarrh so bad that my head ached and my eyes were inflamed with continual pain, and I could retain nothing but liquid food on my stomach. Today, thanks to Paine's Celery Compound, I think I am as healthy as any man that stands on the globe."

A DUCK HUNTER SHOT.

Harry Miller, of Newark, came near paying dearly for the mistake of a fellow being. Early yesterday morning he was hunting duck at what is known as Hunter's home near Montezuma. He was standing up in his boat when another hunter, who mistook him for a duck, shot at him. Miller wore a heavy sweater and the charge hit him sideways, doing little damage, although he is suffering from shock.
