THE STATE INSANE ASYLUM.

The Last Report of Its Workings Under Dr. Allison's Management.

The report of Dr. H. E. Allison, superintendent of the State Asylum for Insane Criminals, for the year ending Sept. 30th, 1891, has just been published. This report is the last of a series of reports which for so many years has been regularly issued from this institution.

A few of this year's reports have been illustrated with plates in order to show the character of the building and to set forth to those unfamiliar with asylum wards the appearances of the rooms and halls and the general condition of the inmates therein.

During the year visitations have been encouraged from various public bodies with an object in view of acquainting the people at large with the actual condition of the insane and with the character of their treatment and care.

The total number treated since the opening has been 1,196, of which 239 remain. Three hundred and twenty-two have recovered and been transferred to the custody of the courts, or returned to prison to serve unexpired terms, and a few have been unconditionally released.

DEATH OF LOUIS SCHUCH.

The Well Known Hotel Proprietor Passed Suddenly From Life.

Louis Schuch, the well known proprietor of the hotel which bears his name, died unexpectedly in his apartments in the hotel Sunday night shortly after 11 o'clock. Mr. Schuch was known by nearly every Auburnian and for thirty years had been a unique figure as the proprietor of the hotel, which was conducted on the German plan and has ever been a popular resort, since he commenced business in the picturesque old frame structure, which was torn down to make place for the present building at the corner of State and Clark streets. It was during the war that Mr. Schuch located in this city, after two years service in the Union army. He was energetic, thrifty, frugal and enterprising and by the exercise of these qualities accumulated a comfortable fortune. He was born in Landau Rheinpfalz, Germany, March 6th, 1829, and he died on the 63rd anniversary of his birth. Mr. Schuch learned the potter's trade from his father and worked at it for years in his native place, in Russia, France, Austria and Switzerland. He came to the United States in 1853, arriving in New York December 16th. He found employment in a hotel and spent two years and a half there, and by strict attention learned the details of the business in which he afterwards was so successful. He worked at one time on a steamship running between New York and New Orleans and in 1857 was employed in the Hotel St. Louis in New Orleans. He remained there until about six months previous to the war, when he came north and located in Syracuse. On the call for troops he was one of the first who volunteered going to New York, where he enlisted in the 30th New York Turner Rifles. He remained in the service over two years and on receiving his discharge came to this city where he engaged in the restaurant and hotel business. His place was a popular resort and fortune smiled on him. In 1864 he married Madeline Kell of this city who, with six children, survives him. The children are Mrs. Rudolph Schmidt of Rochester, Misses Louise, Anna and Nydia and Masters Louis and Carl Schuch.

For nearly three years Mr. Schuch has been in failing health. Last July he leased his hotel to James Brad, reserving a suit of rooms for his family. He relinquished business with the hope of recovering his health, and in the fall went to Mt. Clemens, Michigan, where he spent some time at the springs, but all was of no avail. Saturday he was about as usual, but Sunday morning he complained of pains in his left side. Dr. Craveling was called and administered to him. No serious results were looked for. He retired shortly after 10 o'clock Sunday night and went to sleep. His breathing attracted the attention of his wife and when she went to arouse him, he was unconscious. Dr. Conway was called but when he reached the bedside the patient was beyond human help.

"Peak and Weeble." A friend of mine had an odd way of mixing her words. Perfectly unconscious of it, she would often make folks laugh. She would speak of feeling "feak and weeble," for weak and feeble, and "castor oil pills" for castor oil pills. But she was weak and feeble, until she took that powerful, invigorating tonic, "Favorite Prescription," which so wonderfully imparts strength to the whole system, and to the woman and its appendages in particular. For overworked women, run down women, and feeble women generally, Dr. Pierce's Favorite Prescription is unequalled. It is invaluable in allaying and subduing nervous excitability, irritability, exhaustion, prostration, hysteria, spasms and other distressing nervous symptoms, common attendant upon functional and organic disease. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. W. C. Kellogg after a few years of successful practice of medicine in this place will remove about April 1st to Syracuse where he will continue his practice.

F. E. Barnes of Binghamton and Louis E. Wood of Cortland spent Sunday with friends in town.

The funeral of Charles H. Smith, who died very suddenly in Mansell's saloon on Friday afternoon last, was held at the Episcopal church this afternoon.

Miss Len Whitbeck of this place is visiting friends in Union Springs.

A WIFE MURDERER HANGED. The Brutal Crime Which Charles Wall has Explicated To-day.

TUNKERANOCK, Pa., March 8.—Charles Wall, who was executed here to-day, murdered his wife Julia with an axe on July 26, 1891. They lived in Centre-Moreland township, and had been married only two months. Wall was jealous and quarreled with his wife, alleging undue intimacy upon her part with Butler Wall, his nephew. Wall went to town. His wife not expecting him home, went to a neighbor's to pass the night. Wall returned during the night, intoxicated, and not finding his wife smashed all the furniture and dishes in the house. He then went to the house of John Smith, where his wife was in bed with her sister, and attempted to cut her throat with a knife, but only succeeded in wounding her slightly. Mrs. Smith and her daughter also received slight cuts. Mrs. Wall then went home. Wall soon followed, securing an axe on the way. Mrs. Wall saw him coming and, fearing he would do her harm, ran out of the house and started to cross a lot. She had only gone a short distance when she fell. Wall, who was following her, ran up and drove the axe into her head. He struck her the second time and left her lying dead. Wall was arrested and confessed the crime. When he came up for trial on Nov. 9, he entered a plea of not guilty, on account of insanity. He was convicted, however, and sentenced to be hanged.

A CANNING FACTORY.

A Proposition to Establish One in this Vicinity Discussed.

H. C. Hemingway of the Hemingway Canning company of Syracuse was in the city Saturday and spoke before the Cayuga County Farmers' Club at the Court house on the project to establish a canning factory in Cayuga county. Mr. Hemingway is a good talker and seems enthusiastic in his work and succeeded in stirring up quite an interest in this project. He has thoroughly canvassed the county with the assistance of some of the prominent farmers and today's meeting was called for the purpose of giving the matter further thought and discussing plans. At a meeting a week ago a committee composed of Messrs. Baker of Aurelius, and Goodrich of Springport, was appointed to investigate and report. It is now a debated point whether the factory will be located at Weedsport or Auburn. As soon as pledges from farmers can be received that they will devote sixty acres to the cultivation of sweet corn for the purpose of canning, the site will be chosen and work commenced for the opening of the business. Mr. Harlow of Throop went through the court room and obtained promises from those present to devote 100 acres to the cultivation of corn. A committee of representative farmers including Messrs. Harlow of Throop, Walker of Sennett, Westover of Aurelius, Walker of Scipio, Tuxell of Owasco, and Bowen of Weedsport were appointed to further canvass the county and interest the farmers in the matter.
