IS FORMALLY NOTIFIED

Ceremony at Home of Senator Fairbanks in Indianapolis.

FUNCTION WAS VERY INFORMAL.

Notification Speech Was Made by Chairman Root, to Which the Candidate Briefly Responded—Exercises Were Open to the Public and Ceremony Occupied but an Hour.

Indianapolis, Aug. 3.—The members of the notification committee appointed by the Republican national convention left the English hotel this afternoon in carriages for Senator Fairbanks' home, to notify him of his nomination by the Republican party for the office of vice president.

SENATOR FAIRBANKS.

Elhu Root, the temporary chairman of the convention, accompanied by James P. Goodrich, chairman of the Indiana Republican state committee, occupied the first carriage. Nearly all of the members of the notification committee appointed by the Chicago convention were present.

The function was as informal as it was possible to make it. The house was tastefully decorated with American flags. The exercises were open to the public and occupied scarcely more than an hour. They took place on the veranda of the senator's home and the majority of the guests occupied a space on the lawn in front of the porch.

After the members of the committee had been presented to the candidate Former Secretary of War Root delivered the notification speech, to which Mr. Fairbanks briefly responded in accepting the nomination for the high office, at the same time stating that he would at a later date give to his fellow citizens a fuller expression of his views regarding the questions at issue in the campaign.

MAY LIVE IN CHINA.

Professor Starr, a former Auburn man, again in the Public Eye. CHICAGO, Aug. 3.—In quest of a mysterious white race which lives in the mountains of Northern China, Professor Frederick Starr, head of the Department of Anthropology at the University of Chicago, will leave east Spring for a long stay in the Orient. After searching for the strange people in the mountains Professor Starr may spend the remainder of his life among the Chinese for he declares that China within three years will occupy the center of the world's stage in commerce. His plans were announced in his lecture to his class in anthropology. According to Professor Starr he will leave the University of Chicago at the end of this year's work.

The Knights of Pythias and members of the G. A. R. attended in a body. The services at the house were conducted by Rev. A. B. Yantis, pastor of the First Universalist church. The services at the grave were in charge of the Pythian fraternity. A squad from the Second Separate company consisting of Corporal Aiken, Private Simpson, Aber, Knapp, Johnson, Shoemaker, Eokkie, Buckner and Johnson acted as bearers and fired a military salute over the grave in Fort Hill "Taps" was blown by E. Frank Barney. The floral tributes were unusually profuse and beautiful. The bearers were Chauncey L. Hixok, John Kalland and Daniel Edson, comrades of the deceased in the One-hundred-alienist regiment and E. J. Leubner, George Wilson and George A. Turner from the Knights of Pythias.

He gradually grew weaker until yesterday afternoon when death came to his relief. The deceased was a compassionate young man who was popular with his associates. Besides his father, Edwin Young, he is survived by his brother,

CANTONIA.

There was very lively "dancing" at the Cottage hotel Wednesday night though there was no business done over the bar. The differences between Landlord Thomas Clark and Manager James Geraghty have not been settled and both parties have engaged legal counsel to take their differences into the courts if necessary.

Landlord Clark has the government license which is about all he has and Geraghty is still in charge of the hotel. The boarders are being cared for as usual. The trouble at the hotel is that Landlord Clark has been unable to get a satisfactory accounting of receipts and expenditures at the hotel from Manager Geraghty and he wishes to terminate his reign as manager. Geraghty claims that he has a year's contract with Clark to manage the hotel and refuses to step down and out. Frank P. Tonkin, owner of the property, states that he leased the hotel to Clark after a great deal of dickering over rental and that Clark was not forced into renting the place as other parties were anxious to take the hotel at the price asked, \$1,000 per year.

BULL'S SISIER APPOINTED.

An order granted by Special County Judge Lewis was filed in the county clerk's office appointing Frances H. Blossom, sister, as committee of the person and property of John Bull, an incompetent, formerly of Woodport, and now an inmate of the State Asylum for the Insane at Willard. The committee's bond is for \$200.

DR. E. F. BUTTERFIELD.

Dr. E. F. Butterfield, who visits Auburn once in five weeks at Avery House, has the reputation as being one among the greatest living specialists in treating Chronic Disease. First, he has had more practical experience than any practicing physician in the United States, which is a great lever in treating disease. He studies the cause and not the effect of the disease, for that it prevents itself. He studies the condition not only from the physical standpoint, but a mental and spiritual standpoint. He seldom makes any mistake in the cause and cure of your disease. Call and have a chat with the doctor. He will do you good and his cheerfulness will help make you well and happy. Here was a dramatic case to cure. He was cured. Charles A. Elmer, Post Byron, N. Y. Here is another: Mrs. Ann Slover, Oswego, N. Y. Doctor's next visit to Auburn is on Tuesday, Aug. 23d, at Avery House. Take Notice.

BURGLAR IN SOUTH STREET.

A Man Evidently Irresponsible Charged In Douglas Beardsley's Home. Porter Weston, a feeble minded young man who resides in Adams street, was found in the hallway of the residence of Douglas Beardsley Wednesday morning. He was discovered in the front hallway of the house about 6:30 o'clock by a domestic just coming down stairs to start her daily work. She called Mr. Beardsley who caught Weston after a chase through the house to the kitchen. Police headquarters were notified by telephone and Other Woodall brought Weston to police headquarters. On being questioned by Chief Bill Weston gave his age as 24. He stated that he was up on the front stoop, saw the front window open and went inside. He went all over the house peeping into the several rooms. He said he wanted clothes so that he could go out among the "top ones." He had obtained one suit of clothes which were thrown over the railing of the stairway. The young man was held by the police to be mentally unbalanced and a commission of physicians will be appointed to examine him.

WHEN HE SEES FIT.

Judge Parker Displeased At Speculation About His Withdrawal From Bench. ESOPUS, N. Y., Aug. 3.—Whether Judge Parker resigns his position of chief judge of the Court of Appeals before or after August 8, speculation will not be influenced by practical politicians interested in his campaign for the presidency. In a manner so emphatic as to leave no doubt of his displeasure at the speculation published in relation to his approaching withdrawal from judicial duties, Judge Parker said today that he would determine what his action will be without assistance or advice from anybody unless it is from his associates on the bench.

When Judge Parker resigns, the announcement will be made at Roseton. He has declared positively that any report on this subject coming from any other source is unauthorized and merely speculative. Today as Judge and Mrs. Parker were riding from Roseton a young lady with a camera stopped the judge and asked him to pose on his horse so that she might get a good picture. Under such circumstances the judge invariably forgets his resolution not to be photographed. Judge Parker will not discuss the various persons mentioned as possible Democratic candidates for governor of New York.

URGED TO RETURN.

Factory Are Said to Have Distributed Cards Among Strikers' Wives. CHICAGO, Aug. 3.—Notwithstanding the claim of the packing house managers that they have no difficulty in securing workmen, they are said to be making very strong efforts to induce their former employes to return to work. The latest movement made in that line is the distribution of cards among the wives of the strikers, urging them to induce their husbands to return to the packing plants and offering increased pay.

MEAT TRUST BROKEN!

Chicago, Aug. 3.—Homer D. Call, the international secretary of the Butchers' organization said today: "The greatest feature of the strike is that the meat trust has been broken. Instead of the packers disrupting the union, the disintegration of one of the greatest combinations the world has ever seen has already set in. For 10 years, from 1890 to 1900, the consolidation of the meat companies was carried on, and from 1741 packing plants in this country, the number was reduced to 78." The yards were flooded with live stock today. Complaint was received by representatives of country shippers. Before the day's shipments arrived there were 28,000 hogs in the pens and between 3,000 and 3,000 cattle. The sheep alone had been all sold. They were: cattle 4,500; hogs 12,000; sheep 100,000. The butchers announced today that they would attempt to import no more truckled livestock. They said they had all the raw meat they needed.

RUSSIAN FAIRY TALE.

Desperate Fighting At Port Arthur For Three Days.

JAPS. IT IS SAID, LOST 20,000

Story Drought By Russian Who Escaped From Port Arthur—Russian Losses Estimated at 6,000. Story Authenticated By a Chinaman. Russians Held All Eastern Forts. Japs Defeated Retired Eastward. Admiral Togo, It is Said, Attempted to Aid With His Fleet, But Was Kept At a Distance—Russian Fleet Steamed Out From Port Arthur But Returned Without Fighting.

CHE FOO, Aug. 3. (11 a. m.)—A desperate three days' assault on the inner defenses of the Northern and Eastern sides of Port Arthur has failed, according to advices brought by two junks which arrived here today. A Russian who escaped from Port Arthur on the night of July 29, states that the earth trembled under the terrific cannonading which began at 4 a. m. July 28 and ended during the night of July 28 when the battle ceased. A Chinese, who has arrived here on a separate junk confirms the Russian's statement that the Russian killed and wounded during the assault number between five and six thousand. The Japanese in their repeated assaults against the Eastern forts on the hills through barbed wire entanglements and over mines displayed fanatical bravery. They were mowed down by the hail of shells and bullets and the explosion of mines under their feet. Their losses are estimated at 20,000. The Russian declares that the Russians held all the Eastern forts leading to Golden Hill and that the Japanese, shattered and exhausted, retired to the Eastward.

Attempted Cooperation of Togo.

As related by the passengers from the two junks, the Japanese advance which began from Krokou before daybreak July 28 was directed against Kikwan, Kinkwan, Kichikwan and Pichouan forts, lying near shore. The Russian outposts were driven back. In the meantime Admiral Togo shelled the forts at long range but the return fire of the forts kept his ships at a safe distance, rendering the cooperation of the fleet ineffective. On the morning of July 27, the Russian fleet steamed out, keeping under the protection of the Golden Hill guns. The Russian vessels did not fire on the Japanese and soon returned to their anchorage.

Attack From the North.

The assault on the Northern side of the city occurred July 27. The Japanese left at Heikou advanced on the Russian at Shimeki Yung, but were repulsed. The junks were within hearing distance for three days after leaving, but no more fire was heard. The Russian hospitals at Port Arthur are said to be swamped. Thousands of wounded are lying in houses and shops of the Chinese, the owners having been evicted, with the exception of one who acts as caretaker of each place. Medical attention is inadequate.

Vague Report From Coast.

ST. PETERSBURG, Aug. 3. 1:25 p. m.—The first Russian report of the storming operations at Port Arthur has just been received from the coast of Russia as Chee Foo dated today. It says a general attack began Saturday with the Japanese in immense force. There were two days of a bombardment of unprecedented violence. The Japanese at the time of sending this dispatch the coast added, had everywhere been repulsed with great loss. The Japanese casualties possibly reached 20,000 but the Russian losses were insignificant.

L. Purdie; Land Commissioner—see R. Purdie; Superintendent of Public Instruction—W. D. Geard; Sec. of State—Patrick Hugh; Supreme Judge—Alfred Bastie; Attorney General—C. H. Neal; Congressmen—Howard Hathaway, W. T. Beck and J. J. Anderson.

A THIRD ACCOMPLICE.

M. Von Plehse Murder—Accused Make Partial Confession. ST. PETERSBURG, Aug. 3.—The assassin of M. Von Plehse is said to have made a partial confession in which he declared that at one time he was a school teacher in a rural district and was greatly interested in the case for the ousting of the man who was blamed the dead minister. He still absolutely refuses to disclose his name. The police have discovered that a third accomplice was concerned in the murder plot, and that he was stationed on a quay on the Neva, where one of the imperial yachts was moored on the chance that the minister might go to Finland that day by boat.

GIRL'S SUICIDE.

One Jeanne Hange Hanged In a Barn in East Rome. ROME, Aug. 3.—Sixteen year old Jeanne Hange was found hanging yesterday afternoon in an unused barn on the premises of George Ziemer in East Rome and had evidently been dead for twenty four hours. The girl had leaped a clothes line over a beam and after fastening a slip-knot around her neck had stepped from an inverted bucket. The coroner is yet unable to assign any cause for the girl's act. An autopsy will be held.
